I was in a relationship for a while now I am not and just looking to make friends and have a 'good time' :) I am mainly into mutual masturbation, 3 somes, and occasionally rough sex and anal. I like deep penetration. Most of it depends on how much I drink lol! Anyways. Thats all. Would love to chat with any guys that might be interested. Hello, my name is Samantha, I just moved away from home, I am sad :(But figured I would join the group and see if I could find a guy or anyone to have some fun with. I am mainly looking for a 'friend with benefits' type situation. I am out of a relationship, on my own, and ready to have a little of my own fun. I am willing to travel etc. I am pretty young 22, but I am usually attracted to guys much older than me. But that all depends I suppose. If you would like to chat and get to know each other etc you can get a hold of me from my kamchat on my profile that i set up which is http://www.funwithprofiles.com/samantha/

HI all, just wanted to see how everyone is doing. Hope you had a great weekend and nice week. Can't wait for St. Pattys day. Too bad I don't really know many people around here to take me out :(If there is anyone, mainly guys (age not too important) that would like to talk and maybe meet up and hang out let me know. I am blonde, petiite, have a new tounge ring etc. I have a few photos and my wbcamchat on my profile page at http://www.freeonlineprofilez.com/samantha/

Im totally a 'normal' type girl, just a bit lonely at the moment. Hopefull posting on a few of these groups will help me meet a few guys lol. See how it goes lol, thanks!

Hello, i am new to the group, 22/f just thought I would say Hi. This group seems pretty umm interesting to say the least lol. I am kinda different in my own way thought maybe I could meet some guys on here that shared the same interests as me. I am petite, blonde, and have a tounge ring. I typically only go for guys older than me. I (like just about everyone else in this world) have a profile with a few photos, you can get to it at this link (hope this works, i suck at this lol) http://www.funwithprofiles.com/lindsey939

If you for any reason find me attractive and would like to chat I am pretty easy going and flirty so i'd love to chat with ya and see where it goes, maybe exchange pics or talk on the phone or what ever. You can get a hold of me on my kam chat which the link is on my profile page

LADY SEEKING COMPANION OF A YOUNG MAN..... This is Franziska Laturner, I came from Germany around 35 years ago with my parents. My father built up his own Restaurant and was pretty successful. Till about two years ago, I was fully involved in his business. But I gave it up to follow my passion for writing. I have a great sense of humour and love to pull everyone's legs and watch their reactions!! Like all Americans I love the thrill of travel. I'm planning a trip to Europe and will be writing down my thoughts to be published into a book.... but I would love a hunky, young cheeky man to come along with me. I enjoy lovemaking with younger men, they are so open and cheerful. I wish to find someone who is refined in his ways, has retained his youthful vigo ur and receptive mind. I wish to travel through as many countries as possible (though I plan to be in Germany for about a month), Dont worry we will always be travelling first class. For me are not the hardships of travel!! I love the luxuries my money can buy LOL!!! But u should be ready to make love as and when it pleases me, dont worry you will enjoy making love with me. I can really show you a thing or two. Besides I'm a health freak and love to feel on the top of the world, I wear the sexiest clothes possible. SO if you have the imagination, dress me or undress me as you please!! For better access I've put up my profile and photos in http://GirlsTravelClub.com/ , my user name is "GermanSugarMom" ELITE MEN 4 WRITER & TRAVELER LADY TO EUROPE (http://girlstravelclub.com/) Some one who can make intelligent conversation would definately be a plus!! I've realised life is too short for regrets, lets make most of what we have love and kisses, Franziska

Hi everyone, my name is Sandy, I'm hoping that I can find someone who can give me some gambling tips or secrets before I hit the casino's when I vacation in Vegas next month.

I'm pretty much an amateur at all gambling games, but I've been practicing at an online gambling site that has been paying out pretty well for me. I'm not sure if it's beginners luck or if it's just easier to win at online casino's, but I raked in some pretty serious cash a couple of times at this casino

in the last month or so.

Anyway, any help or advice anyone can give me would be appreciated.

Petite woman (5'5") (height and weight proportional), lightbrown (believe it or not: no grey hair!), hazel eyes - look 10 years younger than my driver's license reminds me I am.

In good physical shape, still working. Looking for someone to share life with - the good and the not so good - whatever life hands out. I have 3 sons, 2 grandsons, 1 male cat. Am an animal lover. Like to spend time outdoors, walking in the woods, fires in the fireplace, evenings at home snuggling or reading a good book.

Enjoy movies, am a social drinker and nonsmoker, love having small dinner parties (pretty good cook), am clean, organized, sensitive, serious, intense, honest, caring and have an ascerbic sense of humor.

I'm also very outgoing and enjoy sex very much and am open when it comes to my sexuality

I'm in crappy marriage and just went through a recent break up. Right now I am looking for a distraction - nothing serious, nothing with major drama. Someone to talk to, hang out with, and occasionally make out with for hours on end.

I'm in my early 40s, hot (that is not just my own egotistical opinion) and in great shape. Ideally I'd prefer someone between 35 and 50. If the chemistry isn't there it just isn't and we can move on quickly.

I'm a divorced 50 something lady. I'm recently divorced and looking to make the most the rest of my life. I would like to develop a casual relationship with a man, which could lead to something else but to be honest I'd like to keep things no strings attached unless I meet someone really great.

I've got some photos and a webcam here

Would love to meet some single men to chat with. If you're married that's ok as well. Thanks

To any who are interested, I'm a 26 year old married housewife and I suspect that my husband is having an affair. I figure rather than leaving him, I'll give him a taste of his own medicine.

My plan is to have an affair with someone I hopefully meet on the internet. As of right now I'm not searching for anything long term, I'm just looking to get some revenge on the man who vowed to be faithful to me.

If anyone is interested, fear not, I have no intention on telling him about any of this, i just want the
satisfaction for myself.

I'm in my forties and have spent the majority of my life unhappy and bored. I was one of those women who married their high school sweet heart straight out of school at a very young age without really knowing what else was out there.

I've only been with one man and as much as I care about him I'm looking for more, looking for some passion and some fun

I'm sure there are men in a similar situation as myself and right now I want something discreet chatting online is a good way to start

I've got some photos and a webcam here (http://yourfreepics.info/divorcedteacher/)

My plan is to have an affair with someone I hopefully meet on the internet. As of right now I'm not searching for anything long term, I'm just looking to get some revenge on the man who vowed to be faithful to me.

If anyone is interested, fear not, I have no intention on telling him about any of this, i just want the satisfaction for myself.

To any who are interested, I'm a 26 year old married housewife and I suspect that my husband is having an affair. I figure rather than leaving him, I'll give him a taste of his own medicine.

My plan is to have an affair with someone I hopefully meet on the internet. As of right now I'm not searching for anything long term, I'm just looking to get some revenge on the man who vowed to be faithful to me.

If anyone is interested, fear not, I have no intention on telling him about any of this, i just want the satisfaction for myself.

I don't think you should assume about something then use it as an excuse to cheat on your husband that's just dumb what happens when it turns out that he is not cheating.....??Talk to him about your insecurities and tell him what you think he is doing and what you will do if he is cheating than end up making the worst mistake of your life.

Hello friends,

We previously brought you the world's first completely free 72+ hour permaculture design course (www.permaculturedesigntraining.com) and today we're thrilled to be launching one of the world's lowest-priced Online Permaculture Design Certification program.

-.- Read more @ http://www.regenerative.com/certification

-.- Sign up by Nov 1st and pay just $249 (Regular rate is $389)
-.- Plus we'll send you our Permaculture Fundamentals e-book

This is the same program offered elsewhere for thousands of dollars now made available from the comfort of your own home for a tiny fraction of the cost charged by our competitors. With world-class lecture instructors and a supportive advisor team, you can earn your internationally-standard Permaculture Design Certification for a fraction of the normal cost.

For thirty years, to earn your Permaculture Design Certificate you had to take two weeks off work, travel to a far away place, and pay several thousand dollars in tuition. Today we're disrupting that archaic way of doing things, with an online certification program that changes the rules. The online program meets international standards as well as the guidelines of the American Permaculture Association, while allowing you to earn your certification from the comfort of your own home at a fraction of the cost of any other similar course.

We understand that nothing can replace hands-on experience, and recommend people complete their certification program online and then seek to volunteer or worktrade with a permaculture facility (or apply these principles on your own land) -- thus saving thousands of dollars in tuition in the process.

Our goal is to take permaculture mainstream, making this knowledge available to everyone regardless of financial means and removing the other barriers, such as the need to take time off work.

My plan is to have an affair with someone I hopefully meet on the internet. As of right now I'm not searching for anything long term, I'm just looking to get some revenge on the man who vowed to be faithful to me.

If anyone is interested, fear not, I have no intention on telling him about any of this, i just want the satisfaction for myself.

To any who are interested, I'm a 26 year old married housewife and I suspect that my husband is having an affair. I figure rather than leaving him, I'll give him a taste of his own medicine.

My plan is to have an affair with someone I hopefully meet on the internet. As of right now I'm not searching for anything long term, I'm just looking to get some revenge on the man who vowed to be faithful to me.

If anyone is interested, fear not, I have no intention on telling him about any of this, i just want the satisfaction for myself.

To any who are interested, I'm a 26 year old married housewife and I suspect that my husband is having an affair. I figure rather than leaving him, I'll give him a taste of his own medicine.

My plan is to have an affair with someone I hopefully meet on the internet. As of right now I'm not searching for anything long term, I'm just looking to get some revenge on the man who vowed to be faithful to me.

If anyone is interested, fear not, I have no intention on telling him about any of this, i just want the satisfaction for myself.

To any who are interested, I'm a 26 year old married housewife and I suspect that my husband is having an affair. I figure rather than leaving him, I'll give him a taste of his own medicine.

My plan is to have an affair with someone I hopefully meet on the internet. As of right now I'm not searching for anything long term, I'm just looking to get some revenge on the man who vowed to be faithful to me.

If anyone is interested, fear not, I have no intention on telling him about any of this, i just want the satisfaction for myself.

What a wonderful and a straight forward spell caster that has brought back joy and happiness into my life after i saw a post on how he helped a lady called priya,i decided to contact him for help when i told this God sent man dr ikuku on how my lover left me for 2years without calling nor texting me,When i shared this my sad experience with dr ikuku he said everything would be okay within 36hours i was like am i sure what this man is saying is real,So i decided to give a try and what even surprised me the most at first i was also thinking he was a scam i taught he was like other spell caster who come online to add pain to peoples pain not knowing there feelings but to make money,But this great man dr ikuku is never like that his own is for good and make people to be happy with the one they love,Am just so happy,Even before the 36hours i just got a call from a man who has left me for 2years saying he his sorry and that he wants me back to his life i was so happy,He invited me for a dinner which i meant him there and we both talked and he said he wants to prove that he would never leave me for any other lady he engaged me and also made me had access to all his account am so happy all thanks goes to this great man dr ikuku a man who has brought back joy to my life,Please friends that needs help i would advice and swear that dr ikuku is the right man and not those fake ones who are online to make money and not to help here is dr ikuku’s private mail drohrikuku@gmail.com Cell Number +60149072402

1997. How to make out with a girl in 40 seconds or less – for real

Yahoo group: 70
Date: 2014-06-24 20:13:04 UTC
From: hotdays2002in@...
Topic: 1997 Message: 1997

If you've ever seen a guy in a bar walk up to a girl he didn't know and make out with her almost immediately, it can be a completely mind-blowing experience. It may seem like it's magical or out of reach - a special ability or super-power that someone is born with.

But it's not. And it can be broken down into a few simple steps you can follow in order to make the same thing happen for you. In this article, I'm going to break down those steps.

The first step is to realize that about 90% of the difference between someone who's really good with women and someone who's not so good or mediocre with women, is the ability to spot a woman who's ready to make out.

I know it sounds kind of crazy at first, but it's true. If you walk into a bar and go up to any woman without knowing what signs to look for, your odds of success go WAY down.

You must know how to spot that woman who's already in this "make-out ready" state, so you can walk up and be "that guy."

Don't buy into the myth that women don't want this to happen.

Women are as sexual (if not more sexual) than guys are. Most of the time, this "turbo" make-out session never happens, because so many guys are afraid to go for it. And when this doesn't happen, the girls end up going home alone or worse.. staying being kind of mean to a lot of guys in the bar/being resentful and angry because no one's approaching them.

By putting this technique into practice, You want to discover how to see the women who you're able to make out with in 40 seconds or less in the first place.

There are a few excellent indicators that will (especially in a bar atmosphere) tell you if a woman is game, or ready for an instant make-out session.

What To Look For

The first indicator is a woman looking down often. When a woman looks down often, she is accessing her emotions.

Let me explain... When we look in different directions, we access different parts of our brain. These are called "Eye Accessing Cues." When a woman is in a bar setting and looking down, she's accessing her emotional brain.

If she makes eye contact with you, looks down then back up again, she's saying: "I have an emotional response to you looking at me and I'm looking down." And if she tilts her head down as well (and doesn't just use her eyes to look down), she's physically dropping herself a little bit lower and showing submission.

This gives you the ability to walk up and be the dominant man.

Now, if she looks at you, smiles and doesn't look away, this could be a lot more difficult situation. Socially, she's meeting you head on, and not showing immediate submission.

Women who you're going to be able to walk up to and make out with in 40 seconds or less should automatically take the submissive role as a woman. That's one quality which shows you'll be able to quickly make out with her.

Another quality is that she's actively looking around to make eye contact. This is crucial. A woman who is engaged with someone specifically and she's not looking away is not going to be as easy to seduce in 40 seconds or less. It's going to take much longer.

Again, you're going to have to play a totally different kind of game when you walk up. You can't just walk up and make out with her.

So instead, if you see a woman who is in a conversation but she's constantly looking around and trying to make eye contact with a lot of people, this is probably a very, very likely opportunity for you and that's a woman you can walk up to and immediately become sexual with.

Other traits are revealed in the way they're moving and how they're dressed. Let's say she's standing with her feet about shoulder-width apart. It's less likely that a woman standing like this is going to be available for you to walk up and dominate. That's because she's standing in a dominant position, with stronger body language and she'll probably be a lot more resistant.

Instead, you want to find a woman who takes up less space. She has her legs closer together and seems to be outside of a group, looking around a little bit.

Another thing is the way she's dressed. If she's dressed in a way that's super flashy and attracting lots of attention, she probably isn't the kind of girl you can walk up to and make out with in 40 seconds.

This kind of women is looking for attention - not for someone to dominate them. What you want is someone who's in between "I don't care" and "Stare at my tits, bitch!" Somewhere between wearing sweatpants with an elastic waistband to the bar and done up really, really beautiful and sexy with a really low-cut shirt. You want to find someone who's in between those two extremes.

A lot of women who are on vacation fall into this realm. They don't want to over dress or under dress, and don't know how the bar atmosphere is going to be. They'll usually come in open-minded, and start looking around trying to make connections. This is an excellent situation for you (and her, of course).

That's what to look for and how you spot her in the first place. If you see some of those, you want to watch her for a second. If you think that she is the kind of person you can walk up to and do this, then proceed.

If not, I'd actually suggest you proceed anyway, just to see what happens.

Next, right after you get that done and you've seen your girl (there are probably three or four of these girls in a bar at any given moment) you're going to walk up and start the scary part.

What To Do

This is where the most powerful kind of frame control comes in. It's very, very important that you understand how to control someone else's frame if you want to come across like

you're a pro at this.

By "frame," I basically mean their "reality." You're controlling what they experience. You have to be able to stay in control of that experience in order to really bring her to the level where she feels comfortable making out with you immediately.

I'm going to give you a very quick, punchy, fast way of doing this. I'll explain as quick as possible; that way you can go straight out and try it...

Here's what I would say, word-for-word... Walk up to a girl, when you get up to her and right when she makes eye contact with you, I want you to SLOWLY put your finger up by your lips and say this, "Shhh…"

Then slow your speech pattern down and deepen your vocal tonality. And immediately say, "Wait just one moment."

You can also say, "Stop for one minute." I suggest using a bit of NLP here. Whenever someone hears "stop," "wait," or "don't," they immediately register whatever comes after that.

So if I say, "Don't think of a black cat," what do you do? Immediately, you think of a black cat and whatever version of one you have in your head.

So if I said, "Don't try to make out with me," or "Don't make out with me right now," girls are going to be consciously hearing, "Don't make out with me," but their subconscious minds will be hearing, "Make out with me right now!"

You're attempting to sort of use real-life Inception to get making-out with you to be HER idea. She should be thinking, "I should make out with this guy."

Now, during frame control you'll be using a lot of these subconscious triggers in order to get this to go as fast as possible.Please only use this for good. There are lots of evil ways to use this.

Don't try to seduce women who don't want to be seduced. Again, that's one of the reasons why it's important that you notice a woman who really does want to be seduced by a man.

So to recap so far: you walk up, you put your finger over your lips and you tell her to "Shhh" for a second and then you say a sentence that starts with "don't" or "wait" or "stop."

My typical is "Don't worry... right now." That's all I say. And I slow that speech down – "Don't…worry…..... right now."

Then I go right into the next statement, which is, "You and I are going to have a secret. We're going to secretly kiss and no one will know."

And as I'm saying this, I'm leaning in... and you'll be doing the same when you do it. You're leaning in ever... so... slowly. At the same time, you're looking from her eyes down to her lips and back up to her eyes again.

This is called "Triangulating." Count to three looking at her eyes, then look down to her lips and count to two, look back up and count to three, look down and count to two... etc. Do that about three or four times as you're talking.

This can be a lot to remember, so you may want to practice it a little bit. I wouldn't expect you're going to get it perfect the first time.

So again, you say, "We're going to have a secret. We're going to kiss and no one is going to know." From here on out, you're really just filling up space with words as you're leaning in so you're still controlling the interaction.

So you're going to very, very slowly, take your right or left hand – whichever one is more accessible – and reach around her back. You won't pull her in toward you or anything yet, just touch her very lightly.

Signs That It's Working

Is she looking at your lips? If she's looking at your lips, you have a green light to go forward. If she's looking at your eyes, you may want to wait a second, or turn around and turn back again and try it again.

This resets the meter in her mind, so to speak. When you turn around and turn back again, most people consider this to be a fresh start in a conversation. It's a strange loop-hole in psychology.

For some reason, that's how we are as humans. When someone turns away then turns back, we give them another chance moving forward. So if you're getting some resistance, turn around, turn back, smile, and continue. If she gives you resistance again, you probably should back off and find another woman.

If she's looking at your lips and seems to be very comfortable and excited, then proceed. You'll move in very closely and speak almost directly into her ear.

!Important!

In a loud environment like a bar, you'll want to speak louder, but don't raise your voice. Make your voice very low so that you have to be very, very close to her ear for her to hear.

Then you're going to keep talking... What I usually say is, "No one is going to see this. It's just going to be our little secret. I promise I won't tell anybody only if you promise that you won't tell anybody either."

As I'm saying this into her ear, I make sure that she's feeling my breath on her neck. So I'm sort of breathing out a little bit more than normal as I'm speaking so she can feel that hot air on her neck.

This usually gets a very visceral, deep, sexual response from women when you do this.

As you're speaking really close to her ear, you'll, very slowly, press your cheek against hers as you're talking. Then you'll move you head over so that your mouth is closer to hers, and then... you'll start kissing her.

And if you do this right, you start out with just one soft peck... then go straight into making out. It may not seem like it in this description, but 40 seconds is a long time. This process can happen in a lot less than 40 seconds - I've done it in less time, and I've seen other guys do it, too.

Practice It

What I want you to do is practice this approach. Maybe go for a minute or two at first, and then get to where you can do this in about 40 (or even 30) seconds.

You won't use this tactic all the time. But when the opportunity is right, it's really good to have this in your seduction arsenal. You want to make sure that you have the right kind of tools for the job, so to speak.

Whenever you see a girl who's in that state and ready to be seduced, if you beat around the bush, engage in small talk or generally waste time, she'll be turned off and you've lost a golden seduction opportunity.

Instead, when you spot this, you want to be able to see her, know that that's what she wants, go in, and give it to her immediately. This is the major difference between guys who are rock stars at walking up and seducing a woman... and guys who wish that they were great at quickly seducing a woman.

There are a lot of other success factors as well. There are techniques on how to speak with the right tonality... how to touch her that allows her to feel comfortable and doesn't turn off any of her weird alert switches... specific NLP triggers that you can use to connect and make sure she's totally in your zone.

What's taken me from a normal dude to a well-respected dating coach, is knowing a lot of short-cuts like this and knowing when to bring them out. And these short-cuts can also improve your game with women.

Remember these characteristics in women who want to be seduced, and remember – it is possible to make out with a woman in 40 seconds or less.

I must read
Joke
Akpor was talking to his friend Expert at the bar, he said, "I don't know what to get my wife for her birthday - she has everything, and besides, she can afford to buy anything she wants, so I'm stuck."

Expert his friend said, "I have an idea! Why don't you make up a certificate saying she can have 60 minutes of great sex, any way she wants it. She will probably be thrilled." Akpor decided to try his friend's advice.

The next day at the bar Expert his friend asked, "Well, did you take my suggestion?"

"Yes, I did," Akpor replied.

"Did she like it?"

"Oh yes! she jumped up , thanked me, kissed me on the forehead and ran out the door, yelling "I'll be back in 60 minutes!!"

Three creative ways to get cozy and snuggle

Fell extra-connected this summer with one of these surprisingly hot snuggle moves.

The Hit-and-Run Snuggle: This is fast but intense: Sneak up behind him while he’s washing dishes or raiding the fridge and give him a big bear hug. Take a deep breath in unison and exhale.

The Sofa Snuggle: Put a spin on the spoon position: Have him lie behind you. Bring your knees to your chest, curling yo0ur whole body up tight, and let his arms and legs cover you like a blanket.

The Soul Snuggle: Sit on his lap, facing him. Hold hands, rub noses, gaze into each other’s eyes, and feel the love flow between you.

Like most women, you probably have nights when sex is the last thing on your mind, and you would give anything to sprawl out and get eight hours of shut-eye. But then your husband gives the signal that he is ready for some nooky. What to do? Well, going along with the ideas can actually be a titillating surprise for you. If he knows how to push your buttons, then having sex when your husband is ready and very likely you will get aroused once you get going. I can also give you and your husband a boost outside of the bedroom. Do not think of it as giving in to him; think of it as giving in to pleasure.

Huge turn on! When the woman is not really in the mood. I enjoy enjoy the cuddles, the nuzzles, and the work to finding her buttons. Once shes ready I try to make her explode with pleasure. But I've always been into hard to get! Easy is a turn off!

If you want to make your sex life sexier

A better sex life, a deeper connection, more time together, it all can be yours!

Create some steam. You want heat, right? Use red-the color associated with fire-all around your bedroom to heat things up. Hanging read curtains or drapes can pull aside any stagnant or stale energy that might be keeping a like on your love life, and placing red sheets on your bed is a quick catalyst for some pretty sizzling sex. Then try this sexy Feng shui cure to conjure some seductive and sweaty nights: diffuse tow drops of ylang-ylang essential oil in a bowl of steaming water, then rub a drop or two of the oil into your neck or drip the oil onto your pillowcase. It’ll guarantee that the bowl of steaming water won’t be the only thing causing your mirrors to fog!

Break out of Your Routine when making Love

Every couple has tried a true method for getting in the mood. But let’s be honest, the same old things can get boring. So mix things up. Even small tweaks can increase the passion in your marriage. Have sex in a different room of the house, make out in the car, take a bath together, spend more than five minutes on foreplay, or exchange three wishes that you want in bed. That way you are playing a game and a give-give scenario is always a success.

Another tactic: Do things that your and your husband did together in the days before you had children. Shared experiences – such as dancing, going to the gym together or taking a romantic stroll, help you two connect emotionally and see each other as more than simply Mom and Dad. You are reminded of those butterflies in your stomach early days. Then you hold hands and chances are you come home to have some great sex.

Don't pass it up! Embrace it, learn from it! So you don't keep doing the same thing. I don't know the facts or who walked away from who? But you brought stuff to the relationship too don't forget! That is missed by the other person, no matter how one may act!

2492. 100 Ways How To Build Confidence

Yahoo group: 70
Date: 2014-07-23 13:17:02 UTC
From: uchenelson4good@...
Topic: 2492 Message: 2492

Martial Arts
Martial arts are a fantastic way to build confidence http://flawlessconfidence.com/100-ways-how-to-build-confidence/ for a few reasons. It teaches you how to defend yourself, it trains your body and pushes your limits and it requires strict discipline (training your mind). I personally like Aikido but there are countless forms of martial arts like Taekwando, Karate, Capoeira etc. I'm pretty certain that almost anywhere in the world you are able to find a dojo with a teacher where you can learn a martial art. Boxing
Boxing http://www.nerdfitness.com/blog/2009/04/23/my-friend-joe-tries-muay-thai-hilarity-ensues/ is a very technical sport that requires good physical condition and lots of stamina. Again, boxing is good for building confidence because it trains your body and releases endorphins, teaches you how to defend yourself and trains your mind. MMA
MMA stands for mixed martial arts and is a relatively new phenomenon. It combines various martial art styles together with boxing so it is different from the traditional martial art forms that have been around for hundreds or thousands of years. MMA is a good way how to build confidence http://flawlessconfidence.com/100-ways-how-to-build-confidence/ because it also teaches you how to defend yourself, it's very intensive physical training (releasing those feel-good endorphin hormones)and it teaches you to be disciplined. Gym & Weight-Lifting
Good old fashioned gym http://www.marcandangel.com/2007/10/20/2-simple-keys-to-long-term-exercise-motivation/ and lifting weights are a great way to build confidence http://flawlessconfidence.com/100-ways-how-to-build-confidence/. Getting your body in good shape helps you feel more confident. It's that age-old saying of "look good, feel good". When you look good, you feel more attractive and sexy which instantly boosts your confidence and allows you to be more comfortable around other people, especially the opposite sex. Besides getting the "look good, feel good" benefit, exercise also releases stress and produces endorphin hormones, allowing you to feel good for a long time after exercising. Dancing
Just dancing to your favorite song is a great way to lift your mood and boost your confidence. However, it's usually only temporary and wears off pretty quickly. What does help to build lasting confidence is if you learn how to dance really well. It doesn't matter what style you choose, whether it be hip-hop, crump or more classical styles, when you are able to dance well, you just feel much more confident. It allows you to be yourself around strangers because you experience that feeling of being in the spotlight when you dance in front of strangers and you are comfortable with it because you are a good dancer.. Snowboarding
Snowboarding is a good way how to build confidence http://flawlessconfidence.com/100-ways-how-to-build-confidence/ for a few reasons. It's physical exercise which releases those endorphin hormones, but mostly it gives you a feeling of freedom like nothing else. It's just you and the mountain, you can go where you want, as fast as you want, as many times as you want. And you can choose the level of difficulty of the slopes you go down. When you become better at snowboarding, you can choose more difficult (dangerous) slopes and doing difficult and challenging things like

this really builds confidence in yourself because if you have a lack of belief in yourself, you're not going to be able to go down those difficult slopes. This confidence you gain from snowboarding carries through to other areas of your life. Surfing
Just like with snowboarding, surfing also builds up confidence. It's good exercise http://www.dumblittleman.com/2010/11/how-to-turn-exercise-into-something-you.html, you're out in fresh air, get sunshine, have the thrill and freedom of riding the waves… and the better you get, the bigger waves you can ride. When you become a good surfer and ride those big waves, it builds up confidence that carries through to other areas of your life too.
Sky-Diving
Jumping out of a plane with a small backpack and the faith that your parachute will open is a great way to build confidence http://flawlessconfidence.com/100-ways-how-to-build-confidence/. Experiencing a successful jump will make all other problems in life pale in comparison. You just jumped out a plane, fell down to earth at a huge speed with the risk of turning into mush and landed safely. Yeah… now you have confidence for whatever else you need to do in your life. read more at http://goo.gl/B2bxxV http://goo.gl/B2bxxV

I finally met the love of my life (and yes, it was on www.cougarkissing.com http://www.cougarkissing.com). We met each other on this site about 2 months ago, I sent a wink to her and she replied to me. After that, we communicated online and found that we had a lot of common interest. We both like country music,romance film and dog. On a weekend, we decided to meet in real life. We had a dinner and went to the theater. It was a wonderful night and we've made a commitment to be with only one another. She is the brightest, smartest and most beautiful woman I have ever met.And I'm looking forward to a lifetime with her.Thank you for this website. I met a lot of people, made some new friends and had a great time!!!

From: christya274@...
Topic: 2681 Message: 2681

Transvestism (also called transvestitism) is the practice of cross-dressing, which is wearing clothing traditionally associated with the oppositesex or gender. Transvestite refers to a person who cross-dresses; however, these are clinical terms that carry potentially negative connotations and/or implications of mental illness. Cross-dresser, a word that more accurately describes the behavior and avoids clinical or pathological implications, is the preferred term.

2790. How to Raise Money for Your Small Business

Yahoo group: 70
Date: 2014-08-09 01:34:46 UTC
From: uchenelson4good@...
Topic: 2790 Message: 2790

In today’s multifaceted world, there are numerous opportunities for the creation of a new business, especially one that surrounds a stellar concept.
Whether you are considering a home-based business or procuring a commercial office/retail space, the following tips on raising money for a small business will help you get started.
1. Sweat Equity
Many entrepreneurs choose to begin via sweat equity. This means that you will pour your heart and soul into the project for no pay.
For instance, Steve Jobs began Apple out of his parents garage and worked solely on sweat equity. It wasn’t until Jobs and Steve Wazniak caught the attention of Byte Shop founder Paul Terrell, and ultimately begged him to carry the first Apple computer, that they gained funding of any sort.
This may require that you hold a full-time job and work nights and weekends to make your dream take flight. Once you have a product and/or services that can garner a profit, you have the power to take the next step.
2. Credit Cards and Savings
Another option is to leverage your credit and/or savings to buy time. This could mean tapping into your personal credit cards, 401k, IRA, or investment portfolio for funding.
Prior to taking this risk, it is important for you to do the legwork to make sure your concept can actually be profitable. Reach out to a mentor for advice and deeply consider the possible impacts of this decision.
3. Family and Friends
It isn’t uncommon for budding entrepreneurs to sell their friends and family on their project and ask for cash. If this is your chosen source of financing, it is recommended that you deeply consider your relationship with the individual.
Make sure you set parameters on what the lender expects in return, when the money must be paid back, and how you will provide progress reports.
In return for the investment, the lender may require that you pay interest or provide ownership stakes in the company. It is vital that you decide what working relationship will be most beneficial in the long run, as partnerships can be quite challenging for family and friends. click here to learn more >>>>>>http://goo.gl/xbDO8J http://goo.gl/xbDO8J...

ng term relationship. its been ending back and forth for oh 8 or 9 months. by the way this is her choice. its been up and down but its getting easier each time she gets drunk, that b.....that hates me comes out, tells me shes so done with me, then kicks me out of her apt. the night before last was the 7th, 8th, or whatever time. I must be crazy letting the painful torture to continue. love does suck at times..Thank god my kids, 23, 21, 18, are grown. notice I didn't say adults. this is the first time ive replied. well hopfully there is someone out there who wants me. I haven't felt that want in along time. oh I know she loves me, in the am hours, but even with the love, that want has been
lost or overpowered by the night time white zin beast that comes out when triggered.dont worry, if there is someone listening. I want to forget, NOT DISCUSS OR TALK about the past relationship. shit I gotta go to work,

For naughty adults who know they need to be spanked! You know what I need....what so many women need..... a good old-fashioned bare bottom spanking! That's right! Pull my panties down and make me stand at attention while you scold me for my misdeeds. I can feel the anticipation growing. Now take me over your knee spank my bare bottom with your hand, a hairbrush, a paddle, a strap until I am kicking and crying!

Vow to speak up if something is not working for you during lovemaking

We've all been there: You let your guy do something he thinks is an incredible turn-on, and all the while you are lying there wondering when he will be finished. Women often do this or even fake pleasure, because there are either too embarrassed to speak up or afraid to criticized their partner. But if he keeps doing the wrong thing, you will be left dissatisfied again and again. Next time, clue him to be gentle with you. You can say, I like when you gently massage my breasts instead of squeezing them. This way he will not feel rejected, and you will get the caressing you crave.

For naughty adults who know they need to be spanked! You know what I need....what so many women need..... a good old-fashioned bare bottom spanking! That's right! Pull my panties down and make me stand at attention while you scold me for my misdeeds. I can feel the anticipation growing. Now take me over your knee spank my bare bottom with your hand, a hairbrush, a paddle, a strap until I am kicking and crying!

But then again, it is never a bad ideas to have a quick chat if you are rookies or new to each other. Or otherwise just let it happen but slowly. Simply being more playful in bed can act as a catalyst. Being flirtatious and dropping subtle hints can be better than jumping in all the way. Find objects like her makeup brush to use on her body and see what she is comfortable with. It is about inviting her to join you!

You to must discuss new kinks
before trying them

But then again, it is never a bad
ideas to have a quick chat if you are rookies or new to each other. Or otherwise just let it happen but
slowly. Simply being more playful in bed
can act as a catalyst. Being flirtatious
and dropping subtle hints can be better than jumping in all the way. Find objects like her makeup brush to use on
her body and see what she is comfortable with.
It is about inviting her to join you!

Pull my panties down and make me stand at attention while you scold me for my misdeeds. I can feel the anticipation growing. Now take me over your knee and spank my bare bottom with your hand, a hairbrush, a paddle, a strap--- until I am kicking and crying! Then make me stand in the corner with my red bottom on

From: TheRedGirl
Topic: 3826 Message: 3826

Hi! I happen to enjoy dressing sexy, or even slutty, for the benefit of men other than my husband. Are there any other women who feel the same way? I have a feeling there are. This group is for us (and also guys who tolerate their women behaving shamefully with other men). Please contribute your photos and/or stories about how slutty you are with other men. Thanks, Cheryl

Sex For The Cure; For back pain try, doggie-style

For back pain try, doggie-style

If you back hurts when you touch your toes, support yourself on hands not elbows during doggie-style to neutralize your spine. Feel pain when you arch backwards? Missionary will stop your spine from curling, easing aches.

For leg cramps, try, standing up

Going vertical prevents over flexed legs, common to missionary and locked knees, which can occur in cowgirl. For stability, lean against an object, like a table, and have him inter from behind, it is like stretching but better

For stuffy nose, try, girl-on-top

Skip missionary lying on your back traps chest and nasal congestion. Instead try girl on top position, which keeps passages clear. Bonus, throw our head back to open your chest and lungs

Sex For The Cure; For back pain try, doggie-style

For back pain try, doggie-style

If you back hurts when you touch your toes, support yourself on hands not elbows during doggie-style to neutralize your spine. Feel pain when you arch backwards? Missionary will stop your spine from curling, easing aches.

For leg cramps, try, standing up

Going vertical prevents over flexed legs, common to missionary and locked knees, which can occur in cowgirl. For stability, lean against an object, like a table, and have him inter from behind, it is like stretching but better

For stuffy nose, try, girl-on-top

Skip missionary lying on your back traps chest and nasal congestion. Instead try girl on top position, which keeps passages clear. Bonus, throw our head back to open your chest and lungs

You know what works for you manually, so have him use the same pressure and motions with his mouth. For example, if you like constant, firm contact with the palm of his hand, have him purse his lips, press them firmly against you, and move in circles, up and down. Or if you prefer a lighter touch with his fingertips, ask him to tease your clitoris gently with the tip of his tongue. Have him us his hands, h can caress your thighs, pubic mound, and breasts.

Worst Date Ever! Who was he interested in?

He asked me out for drinks and the date was really great, until he asked me if my roommate was single and if I could put in a good word for him. I ordered the most expensive drink, drank it very fast then left him with the bill.

You do not need dates like that. Look in here to find a better relationship. Join Free!

Some D/s relationships are sexual, others completely chaste. Fantasy role play can also be a part, with partners taking classic dominant/submissive roles, or classic authority figure roles such as teacher/student, police officer/suspect. Animal play, where one partner takes the role of owner/caretaker and the other takes the part of a pet or animal, can also be D/s play.
